The VM-8.4 Series LCD monitors offer exceptional image quality and dependable 24/7/365 operation. This monitor is ideally suited wherever you need detailed, high quality images in a rugged metal enclosure. The VM-8.4 Series monitors have been successfully used with machine vision systems, in police cars, public transportation, manufacturing plants and studios. They can also be private-labelled with your company, name, logo and model number.

All TRU-Vu industrial LCD monitors are specifically designed for use in demanding industrial, commercial, law enforcement, and A/V applications. Every TRU-Vu monitor utilizes industrial-grade components and high-end LCD panels not found in retail/consumer-grade monitors. This ensures superior image quality, improved performance and greater durability. Visit www.TRU-VuMonitors.com for more details.
