

MMTR-22C

Medical-Grade LCD Display

- 22" Medical-Grade LCD Display
- 5-Wire Resistive Touch Screen
- Meets UL 60601-1 Specifications
- High Resolution: 1680x1050, 1080/60p
- Operates in Portrait or Landscape Mode
- Dual Speakers
- Can Be Customized to Meet Your Needs
- 3 Year Warranty

The MMTR-22C is a Medical-Grade Touch Screen Display, ideal for demanding surgical, medical and dental imaging applications. It meets stringent surgical requirements, and conforms to UL 60601-1. The resistive touch screen panel enables quick and convenient interaction via a finger, gloved hand or pointing device. The MTR-22C produces brilliant full color images with high contrast for excellent viewing in surgical, endoscopic and other procedures. The VESA-compliant mounting holes enable flexible mounting options such as a wall-mount articulating arm or on a cart/stand. Backed by our 3-Year Warranty, the MMTR-22C provides the performance and durability required for demanding O.R., lab and clinical applications.

TRU-Vu customizable LCD monitors are specifically designed for use in demanding medical, industrial and commercial applications. Every TRU-Vu monitor utilizes industrial-grade components and high-end LCD panels not found in retail/consumer-grade monitors. This ensures superior image quality, improved performance and greater durability. Visit www.TRU-VuMonitors.com for more details.
